11th Annual Chicago Diabetes Day

Saturday, May 7, 2016
8:30 AM to 2:00 PM

Sponsored by
The University of Chicago
Diabetes Research and Training Center
and
Chicago Center for Diabetes Translation Research

Åke Lernmark, Ph.D.
Pathophysiology of Type 1 Diabetes - From Autoantibodies to TEDDY

Salman R. Khetani, Ph.D.
Microengineered Culture Platforms for Modeling Human Fatty Liver Disease

Vivek N. Prachand, M.D., F.A.C.S.
Obesity Surgery and Diabetes: Myths and Realities

Elizabeth Selvin, Ph.D., M.P.H.
Biomarkers of Hyperglycemia - Past, Present, and Future: An Epidemiologist’s Perspective

Poster Session

The University of Chicago
Donnelly Biological Sciences Learning Center
924 E. 57th Street
Chicago, IL 60637
Welcome

We are pleased to announce the 11th Annual Chicago Diabetes Day that will take place on Saturday May 7th, 2016. This conference is intended to serve as a forum for basic and clinical investigators, clinicians, and pharmaceutical industry personnel in Chicago and the Midwest to meet, share information, and discuss common interests with the goal of fostering collaborations between individuals and between institutions. Ample opportunities will exist throughout the day to meet with your colleagues. A poster session is planned for those who wish to share findings from current basic, clinical, or translational research. The top eight posters will receive an award of $100 each.

We are excited about this event and encourage you to attend what promises to be a stimulating and productive day.

The Organizing Committee

Registration

Registration is simple and complimentary.

If you plan to attend, please reply to this email and type the words “will attend” in the subject line. You will receive an e-mail confirmation acknowledging your registration.

If you are unable to attend, type “will not attend” in the subject line.

You may also register by sending an e-mail with your name and institutional affiliation to:

zpaz@bsd.uchicago.edu

Program

8:30 AM  Registration
