

The University of Chicago & Argonne National Laboratory Joint Retreat

The Study of Microbial Communities

OPENING REMARKS

Eric D. Isaacs, Ph.D.

Executive Vice President for Research,
Innovation and National Laboratories, *U of C*

T. Conrad Gilliam, Ph.D.

Marjorie I. & Bernard A Mitchell Distinguished
Service Professor of Human Genetics
Dean for Basic Science, *U of C*

Everett Vokes, M.D.

John E. Ulmann Professor and Chair,
Department of Medicine, *U of C*

PRESENTATIONS

Philippe Noirot, Ph.D.

Division Director, Biosciences Division, *ANL*

Dion Antonopoulos, Ph.D.

Microbial Systems Biologist, Biosciences Division,
ANL

Eugene Chang, M.D.

Director, Microbiome Medicine Program of the
Microbiome Center, *U of C*

Andrzej Joachimiak, Ph.D.

Director of Structural Biology Center and
Midwest Center for Structural Genomics, *ANL*

Peter Larsen, Ph.D.

Computational Biologist, Department of Biosciences,
ANL

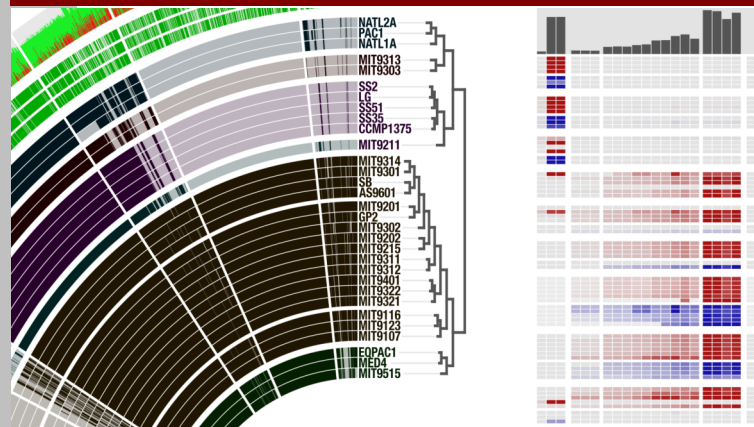

A. Murat Eren (Meren), Ph.D.

Assistant Professor, Department of Medicine, *U of C*

Ken Kemner, Ph.D.

Senior Physicist, Molecular Environmental Science Group
Leader, Department of Biosciences, *ANL*

Tuesday
May 2, 2017
10:00 AM — 2:00 PM
Knapp Center for
Biomedical Discovery
(KCBD)
Auditorium 1103
900 East 57th Street

**Join us for presentations
and discussions on
microbial communities and
novel technologies to
study microbiomes.**

Lunch will be served.

**Persons with disabilities, who need
assistance, please call Sue Levison at
773.702.2464**
