ACKNOWLEDGEMENTS

This conference remembers Dorothy Jean MacLean, who helped create the MacLean Center and was deeply committed to its work. D.J. MacLean believed that education was the best way to improve the world and throughout her life supported many leading educational institutions. The Conference organizers wish to acknowledge and thank Barry and Mary Ann MacLean, co-chairs of the Center's Advisory Board, for their sustained commitment to the Center and for their help in making this conference possible. Their support has enabled the MacLean Center to improve patient care by focusing on practical clinical ethics and the doctor-patient relationship.

We also wish to acknowledge the Center's superb Advisory Board and the following individuals for their ongoing support of the MacLean Center: Lindy Bergman, Kay and Matthew Bucksbaum, Martha and Bruce Clinton and the Clinton Family Foundation, Janet and Craig Duchossois, Ann Dudley and Stan Goldblatt, Keith and Rodney Goldstein, Joan Harris and the Irving Harris Foundation, Connie and Dennis Keller and the Keller Family Foundation, Rachel Kohler and Mark Hoplamazian, Dorothy Oremus and the Oremus Family, Richard and Michelle Parrillo, Carole and Gordon Segal, Brenda Shapiro and the Shapiro Family, Bryan Traubert and The Pritzker- Traubert Family Foundation, and Sarita Warshawsky.

We especially wish to thank all our outstanding faculty as well as all former and current fellows for making the MacLean Center the leading program in clinical medical ethics in the U.S. and internationally.

Special thanks to Kimberly Conner, Virginia Corbett, Marguerite Costich, Elaine Horn, Melissa Plesac, and Elizabeth Van de Graaf for their dedication and assistance in organizing this conference.

DEDICATION TO STEPHEN TOULMIN

This conference is dedicated to the memory of Stephen Toulmin, who died on December 4, 2009. From 1973 to 1986, Stephen was a Professor at the University of Chicago in the Committee on Social Thought, the Department of Philosophy, and the Divinity School and worked closely with the ethics program. After leaving the University in 1986, Stephen continued to work with the MacLean Center as a Senior Lecturer in the Department of Medicine until 1994. During his long association with our ethics program, Stephen instructed and mentored faculty and fellows at the MacLean Center. Stephen's work on casuistry found practical application at the weekly clinical case conferences of the Center. We remember Stephen with affection and respect for his important contributions in building our Center and the field of clinical medical ethics.

CONFERENCE LOGISTICS
